

Manila, Monday, 23 May 2011

Rooted in the European tradition, the European International School offers the highest standard of quality education. We teach our French, German and English-speaking children of all nationalities according to nationally and internationally recognized curricula.

We are open to children from the age of 1 ½ years up to 18 years and offer a balanced programme for personal and academic development.

EIS puts strong emphasis on involvement in extracurricular activities. Such involvement aims to help students develop their personality in other areas besides purely academic skills by offering diverse cultural workshops and sport activities.

The European International School is currently looking for a sports coordinator who will take the position in July 2011 as follows:

**Coordinator
of the Extracurricular
Programme**

***College graduate of education,
preferably physical education***

***Experienced in teaching and sports
event organisation***

Fluent in English

We are looking for a coordinator who is outcome orientated, interested in communicating with partners, teachers, parents and students, and who can actively promote the EIS-Extracurricular activities at school and at external events. He or she will be responsible for guidance, support, assistance and advice to students, teachers, coaches and parents in the respective areas and is expected to coordinate, implement and evaluate all aspects of the extracurricular program. He or she actively supports the school's development and quality management. The coordinator reports to the Heads of School.

The successful candidate will lead the team of ECA coaches and teachers.

Should you wish to take this exciting opportunity, please send us your resume and letter by e-mail to asoenen@eis-manila.org and administrator@gesm.org by **June 15, 2011.**
