

## ISAC TOURNAMENT IN CEBU

### EIS Girls Basketball

Our young and relatively inexperienced girls Basketball proudly represented the EIS colors in Cebu. Prior to the tournament, our Marsupilami had only played two practice games and had trained only for a few weeks. Even though they traveled to Cebu with confidence. Their first game was against Southville. The team was nervous but played well. Sadly we lost by one point at the final whistle after a last minute mucky basket from SIS.

Our next match versus the British School was as tense and we saw a reversed of fortunes since we won by one point. Our third game against Mindanao Christian Academy was the most difficult and we conceded a logical defeat 13-27 after putting up a strong resistance. The first day ended with Brent Manila as our adversary. EIS did very well led by Maia d' Aboville, who was more aggressive and faster than ever. Surprisingly We were still ahead by one point at the end of the 3<sup>rd</sup> quarter.

Brent managed to improve their offense in the last period and won the game 20-10. On Saturday we had three more matches scheduled. The first versus Brent Baguio became a true copy of the previous one. We had also the lead at the end of the third but lost our concentration, determination and energy during the last ten minutes. Final score: 22-15 in spite of great shoots from outside the key from Izzy, Hannah and Natasha. The last two games versus Baguio and Cebu were very close and intense. Both ended with 15-15 final draws. It was the first ever tournament for the EIS girls basketball, a team created only two years ago. Congratulations to all the players, especially to our star, Maia.
